

“Financial Order”

Wed July 24, 2024

I. ***II Kings 4:1-7***

A. What Do You Have In Your House?

1. Warning from the Lord: Get your finances in order...
2. If something financially crippling affects the world's economic system, would your finances be ok?
 - The First thing to come will be an upheaval or crash that causes job losses and financial struggles.
 - The second thing to come will be a change in our current currency system; this will correct the upheaval, but will control our ability to trade.
 - The third and final thing to come will be at the beginning of the Great Tribulation, where money has no value and the only way to buy or trade is through the mark of the beast.

B. Three simply laws

1. ***The Law of the Tithe*** (If you want God's best, then give Him your best)
2. ***The Law of Forgiveness***
3. ***The Law of Stewardship*** (What do you have in your house?)
 - Stop spending so much....eating out, buying things that you don't need, etc.
 - ***Proverbs 10:4*** “*The hand of the diligent maketh rich.*”
 - There's a misconception that God will just provide....and yes, He will provide, but it's for those who are diligent.

II. Be Diligent...Be Ready

A. ***Proverbs 6:6-11***

1. A Time For Wisdom....so any financial attack of the enemy is shunned.
2. Supernatural Provision – The Israelites was fed by manna, Elijah was fed by ravens, and Jesus fed 5000 with a few fish and loaves....Don't just expect “things to always work out”Faith without works is dead.

B. Simple Solutions

1. Give by the Spirit (along with your tithe) – Divine Seeds (When God says name it...do it quickly.
2. Pay off the highest interest rates you currently have (pay off credit cards first); sometimes, paying off a small debt strengthens your position in paying off others
3. If you have extra, take advantage of CD's with high interest rates short term.
4. Investments – 401K, stock market investments, listen to the Holy Spirit.
