"Financial $ense" part 2   Wed Jan 28, 2026

I. ***II Kings 4:1-7***

A. What do you have in your house?

1. When it comes to money matters, all of us have something that God is able to work with.
2. I want you to think about this for a moment (a reality of truth): God always uses something that you have…something that He can work with.
   - Isaac sowed seed and reaped a harvest (His harvest came forth after He acted in faith.)
   - The boat-sinking load of fish that Peter engulfed when he was fishing – what caused this financial miracle? Throwing out the net!
   - Jesus turned water to wine – the wine did not just "magically" appear; Jesus had water to be used to make a way for a miracle.
   - Jesus fed 5000 – what did He have to offer before the miracle?
3. What is the point? You have money, you have things….what can you offer God and see the financial blessing and overflow? What do you have to offer now so you are not taken by surprise of a financial disaster?

B. Preparation for Financial Stability (During All Times…Famine & Overflow)

1. More concerning the dream:
   - 2 buildings = 2 events with the first affecting the other…(toppling effect).
   - The first will be a financial upheaval or crisis that causes job losses and financial struggles globally.
   - The second is instability in the banking system.
   - These 2 together will lay the groundwork for a change in our current currency system. This will temporarily correct the financial disruption, but will control our every movement regarding money and will affect our ability to trade. The thing that follows is simple: the Mark of the Beast.
2. What could cause the first collapse? Rising Global Debt, High Interest Rates, AI's impact on jobs, debt defaults, etc…. (Remember the 2008 Housing Crisis and the 2023 Silicon Valley Bank Collapse/42 billion withdrawn in one day?).

II. What Can I Do…What Should I Do?

A. Take Advantage in Times of Prosperity (Joseph and 7 years)

1. ***Matthew 25:24-30***
   - This whole story is about being profitable for the kingdom – Isn't it interesting how Jesus correlates God's kingdom with money matters?
   - At the very least, we should have our money collecting interest in a bank!
2. ***Deuteronomy 8:18*** *"God gives you the ability to get wealth."*

B. Agreement with the Word – Agreement with your spouse

1. Do you think like the Word? Is there division in your house concerning financial thinking (Spender vs. Saver)?
2. Start paying off debt
   - ***Write the Vision*** (What is the realistic goal and plan?)
   - ***Take Your Authority Over The Spirit Behind the Debt***
   - ***Make a Budget and Stick With It*** (This requires diligence and cutting out all extra spending – what are some of the “gotchas” in spending every week?)
   - ***Attack The Debt With The Highest Interest First*** (Exception: If you have a small amount remaining with a smaller interest rate that you can pay off immediately, then knock it out to gain momentum).
   - ***When One Debt Is Paid Off, Double The Attack On The Next Debt, etc.***
   - The last debt is usually the house mortgage because it carries the lowest interest rate at the longest term. (If you have an extra $200.00-$500.00 per month from paying off all other debts, imagine how quickly you can pay off your mortgage and be debt free.)
